How to Use

※ This method is a way to use the direct diorama sheet mini. We also suggest you try to use pattern paper. Simple and easy way is to use original pattern sheet included with "Hakoniwagiken COLLECTION CASE mini Wide [CCmW]" .

1 Prepare Diorama Sheet mini and collection cases, scissors, pencil, ruler, double-sided tape or stripping tape.

2 Remove the base of the collection case, the inside of the shape Check the height and internal dimensions.

3 Turned over the base. Align the back side to the fold line. Trace the left and right and front side with a pencil.

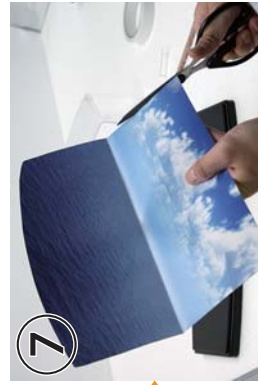

4 Adjusted the cover case to the traced line, and trace to outside of the cover case by a line.

5 Cut along the trace. Taking into account the thickness of the case, cut one size smaller.

6 Since the case of the shape it is usually top has narrowed slightly. Make sure the size and try to actually put the case.

7 So as not to hit the inside of the case, and then carefully cut. Make the adjustment by repeating the confirmation.

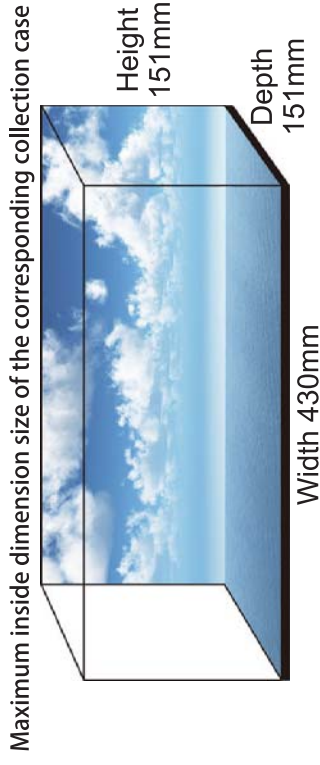

8 Once safely size adjustment is complete, paste the double-sided tape on the back of the Diorama Sheet mini.

9 Place a model to exhibit. Models and sheet background even good to fixed with double-sided tape.

10 It is a complete covered with a case. If you do not fix the model, please be careful not to tilt.
